Dear FOIA Officer:

This is a request under the Freedom of Information Act.

I request that a copy of the documents containing the following information be provided to me: the accession dossier (operational records) for RG 407, specifically the papers related to the series titled "Records on Korean War Dead and Wounded Army Casualties, compiled 1950 - 1970, documenting the period 02/13/1950 - 12/31/1953" which is OPA ID 1128348 and National Archives (and ARC) Identifier 583580. This dataset is also known by the name/acronym TAGOKOR and is maintained by the Center for Electronic Records (CER). I request any documentation in the accession dossier related to this series that details the provenance, custodial history, and ongoing management of this electronic archival record beyond the information currently available in the technical documentation currently posted online in OPA and in AAD.

In order to help to determine my status to assess fees, you should know that I am an individual seeking information for personal research use and not for a commercial use.

I am willing to pay fees for this request up to a maximum of \$30. If you estimate that the fees will exceed this limit, please inform me first.

I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not in my commercial interest. My research is into the history of the preservation of electronic records and aims to bring recognition to the vital work NARA and CER have done to make early electronic records available to the public as well as NARA's ongoing efforts to ensure the preservation and accessibility of early-technology electronic records of historical value. I have spoken with staff at CER and visited NARA A2 in-person in late July 2013 to speak with CER staff about my research. They suggested this FOIA request in order to gain extra provenance information regarding TAGOKOR from the accession dossier which is not accessible to researchers without a FOIA request.

Thank you for your consideration of this request and please let me know if I can provide any additional information.

Sincerely,
Jefferson Bailey

Dear Mr. Bailey:

This is in response to your Freedom of Information Act request of August 05, 2013 which was received in this office on August 05, 2013. Your request has been assigned reference number RD 40955.

We forwarded your request for RG 407, Records on Korean War Dead and Wounded Army Casualties, compiled 1950-1970, documenting the period 2/13/1950-12/31/1953, OPA ID 1128348, ARC ID 583580, TAGOKOR to the appropriate NARA office for further action.

You asked for a waiver of the fees normally charged for providing researchers with copies of archival records. The FOIA's fee and fee waiver provisions, however, do not apply to archival records. The FOIA states in the section on fees "Nothing in this subparagraph shall supersede fees chargeable under a statute specifically providing for setting the level of fees for particular types of records". (5 U.S.C. 552 (a)(4)(vi)). The fee statute, 44 U.S.C. 2116(c), does apply. It does not authorize NARA to waive reproduction charges for individual requesters.

Our inability to grant you the requested fee waiver does not constitute a denial for the purposes of the FOIA. If you believe this to be a denial, you may appeal by writing within 35 days of receipt of this letter to the Deputy Archivist of the United States, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001 and explain why you think our fee waiver denial does not meet the requirements of the FOIA. Please note on your request and the envelope that this is a Freedom of Information Act Appeal.

Please advise us of any change of address that may occur during the time that it takes to complete your case. To contact us regarding a change in your contact information or for information regarding your case, we can be reached by e-mail specialaccess_foia@nara.gov or you can call our FOIA customer service number at (301) 837-3190. You may also write to us at the address above, room 5500. In the event any correspondence to you from this office is returned as undeliverable, no forwarding address, we will presume you are no longer interested in pursuing the case and the case will be closed.

We will notify you as soon as the review of all parties is complete.

Sincerely,

Re: Freedom of Information Act Request NGC13-233

Dear Mr. Bailey:

This is in response to your Freedom of Information Act (FOIA) request of August 6, 2013, for the accession dossier (operational records) for RG 407, specifically the papers related to the series titled "Records on Korean War Dead and Wounded Army Casualties, compiled 1950 - 1970, documenting the period 02/13/1950 - 12/31/1953" which is OPA ID 1128348 and National Archives (and ARC) Identifier 583580.

The accession dossier you are seeking is NN3-407-89-002. A copy of all the pages in the dossier is provided to you at no charge. We feel this fully satisfies your request.

If you consider this to be a denial of your request, you may appeal by writing to the Deputy Archivist (ND), National Archives and Records Administration, College Park, MD 20740 within 35 calendar days and explain why you think this response does not meet the requirements of the FOIA. Both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal." Please include the tracking number NGC13-233 in your appeal letter.

Sincerely,

JAY OLIN

During a review of the [U.S. Army] Korean Conflict Casualty File, 1950-53, in the Records of the [U.S. Army] Adjutant General's Office (Record Group 407), I noted that the public use version of the file was preservation copied in September 1999 (preservation copy job 99-02639). This data file was deemed superfluous in March 1993 when the full records were determined to be open for public use. Therefore, the public use version of the file need no longer be maintained as an archival record.

Because this data file was copied as file 3 on M/B 13715, I team recommend adding to the APS catalog entry for this data file a note to dispose of this data file at the time of ten year re-copy. For your reference, attached is a printout of the P1 for this file.

In March 1993, a decision was made to release all information contained in the TAGOKOR records. This decision was the result of an appeal to a denial of a FOIA filed by Joseph Hess of Tiburon, California. Mr. Hess pointed out that during the Korean conflict, names and home addresses of the wounded were routinely released to the press by the Department of Defense. The National Archives also has in its custody press releases from the Korean conflict in the Records of the Office of the Secretary of Defense (Record Group 330).

DRAFT

Mr. Joseph I. Hess, Vice President
Korean War Branch
2nd Infantry Division Association, Inc.
P.O. Box 1049
Tiburon, CA 94920

Dear Mr. Hess:

This is in reply to two appeals of denials of access to information sought under the Freedom of Information Act (FOIA). You requested the names and last known addresses of members of the 2nd Infantry Division who served in the Korean War.

The denial of access to the Korean War Casualty File (TABOKOR), contained in a January 4, 1993, letter from Claudine J. Weiher, is reversed. The Center for Electronic Records will provide you with a copy of the full Casualty Information System, 1950-53, Records of the Office of the [Army] Adjutant General, with all variables included. The information is being released at this time because it was previously released by the Department of Defense as press releases and by the National Archives as paper copies of the same press releases.

Records of other agencies accessioned into the National Archives of the United States are not subject to the fee provisions of the FOIA. Rather, fees are governed by 44 U.S.C. 2116(c). The cost-recovery fee for a copy of the file on a 3480-class cartridge is \$80.75; a copy of a 9-track reel is \$90. With your order, you need to include a statement concerning the technical specifications for the copy of the file. These include density (1600 bpi or 6250 bpi for data on tape reel), encoding (ASCII or EBCDIC), labeling (for EBCDIC copies only, choose between labeled or unlabeled file), and maximum blocksize. The documentation you previously received is the same documentation needed for the full file.

Again, because the information has been made public previously, access is also given to the bi-monthly personnel rosters initially denied in a letter of January 15, 1993, from Mr. James C. Megronigle. The rosters contain the names and serial numbers of unit members. Our file of rosters may not be complete, but you will be provided with copies of all that are in our custody. Send your request to the Organizational Records Section (NCPMA-O), Army Reference Branch, Military Personnel Records, National Personnel

Records Center, 9700 Page Boulevard, St. Louis, MO 63132. The microfilm rosters will be reproduced on paper. The fees for reproducing the waivers are governed by the FOIA. The first 100 pages will be provided free; additional pages will cost \$.15 each.

The agreement between the Army and the National Archives and Records Administration (NARA) does not allow NARA to release the last-known address of veterans. The Department of Veterans Affairs (VA), however, will send letters to the last known address of veterans. For further information, contact the VA regional office located at 211 Main Street, San Francisco, CA 94105. Because NARA has now provided an alternate source for the requested information, the initial denial of access is withdrawn.

Access to all requested information has either been provided by NARA or an alternate source identified.

Sincerely,

RAYMOND A. MOSLEY
Acting Deputy Archivist
of the United States

In September 1989 the Data Processing Division, USADATCOM, Adjutant General's Center (TAGO), Department of the Army transferred one reel of magnetic tape and corresponding documentation to the Center for Electronic Records of the National Archives and Records Administration. This reel had been located at the National Personnel Records Center, St. Louis, MO. The data file is the Korean Conflict Casualties, Army, 1951-1953 (TAGOKOR). The records were assigned accession number 3-407-89-002.

Documentation for TAGOKOR consists of 34 pages of record layout and codes for data elements contained within the data file. Documentation is filed in one box in CV 10 under Record Group 407.

NSXA should prepare one descriptive entry for the records in this collection. Because of the heavy reference use afforded TAGOKOR, the Center has generated numerous supplementary reference materials including printouts, reference reports, SPSS Control Cards, and frequencies generated from the statistical analysis package.

Records in TAGOKOR are restricted by the FOIA b(6) exemption. A Privacy Act notice has also been published for these records (A0726.06DAPC, attached). Information in the records of those U.S. military casualties who died, or were declared dead, is fully releaseable. These are final records coded to indicate the death of the casualty. There are 109,975 records in TAGOKOR. According to an analysis of the records on the basis of the codes for the variable "casualty type," 27,727 are records for Army personnel who died and 82,248 are records of nonfatal Army casualties. The records for deceased casualties are coded to indicate 25,308 hostile casualties and 2,419 nonhostile casualties. Appropriate information in the records of nonfatal Army casualties have been masked in a public use version of the data file. Each character of the name and service number have been replaced with a '#' in all records not indicating death.

No problems were encountered during hand validation, the preservation job has been completed and approved, the existing documentation has been compiled, and this proposal for level of

description has been submitted for approval. I recommend that the attached SF-258 be signed so that the accessioning project for 3-407-89-002 can be completed.

System name:

Separation Administrative Board Proceedings

System location:

US Army Military Personnel Center, 200 Stovall Street, Alexandria, VA 22332. Segments exist at Major Army Commands and subordinate commands, field operating agencies, and activities exercising general courts-martial jurisdiction.

Categories of individuals covered by the system:

Military members on whom allegations of defective enlistment/agreement/fraudulent entry/alcohol or other drug abuse rehabilitation failure/indeficiency performance/misconduct/homosexuality under provisions of Chapters 7, 9, 13, 14, or 15 of Army Regulation 635-200 result in Administrative Board Proceedings.

Categories of records in the system:

evaluation; MOS evaluation and aptitude area scores; member's statements, testimony, witness statements, affidavits, rights waiver or hearing transcript; board findings and recommendations for separation or retention; final action.

Authority for maintenance of the system:

10 U.S.C., section 1169.

Purpose(s):

Information is used by processing activities and the approval authority to determine if the member meets the requirements for commended separation action.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

See blanket routine uses at 48 FR 25503, June 6, 1983.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage:

Paper records in file folders.

Retrievability:

By individual's surname.

Safeguards:

Records are accessed only by designated persons having off need therefor, within buildings secured during non-duty hours.

Retention and disposal:

The original of board proceedings becomes a permanent part of the member's Military Personnel Records Jacket. When separated, a copy is sent to member's commander where it is retained for 2 years before being destroyed. When separation is not ordered, board proceedings are filed at the headquarters of the separating authority for 2 years, then destroyed. A copy of board proceeding in cases where the final authority is the US Army Military Personnel Center, pursuant to Army Regulation 635-200, is retained by the headquarters (DAPC-EPA) for 1 year following decision.

System manager(s) and address:

Commander, United States Army Military Personnel Center, 200 Stovall Street, Alexandria, VA 22332.

Notification procedure:

Individuals desiring to know whether or not information on them exists in this system of records may inquire of the commander at installation where administrative board convened, or to the System Manager, ATTN: DAPC-EPA. Individual should furnish his/her name, details concerning the proposed or actual separation action including location and date, and signature.

Record access procedures:

If individual has been separated from the Army, inquiry should be made of the National Personnel Records Center, General Service Administration, 9700 Page Boulevard, St. Louis, MO 63132 in that proceedings will be part of the Military Personnel Records jacket. If member is on active duty, inquiry should be made of the command who convened the administrative board. Information in 'Notification procedure' must be provided.

Contesting record procedures:

The Army's rules for access to records and for contesting contents and appealing initial determinations are contained in Army Regulation 340-21 (32 CFR Part 505).

Record source categories:

From the individual; his/her commander; Army personnel, medical, and/or investigative records; witnesses; the Administrative Board; Federal, State, local, and/or foreign law enforcement agencies.

Systems exempted from certain provisions of the act:

None.

To: RD-DC (Spangler) through RXE (Navale)
From: RD-DC (Hull)
Subject: NN3-407-89-002

This memorandum and attachments certify the successful migration to the Electronic Records Archives (ERA) of the file in this accession. This is:

Accession Number: 3-407-89-002
Transfer Request ID: TR-0407-2008-0003
Accession Title: Korean War Casualty File
Number of files migrated: 1 file

For this process, the Legacy Migration team copied the file to Network Accessible Storage (see approved copy jobs by Volume ID); staged it to a Snap Server (see attached Hash Validation Report); and ingested the records to ERA, associating them to the pre-approved Transfer Request (TR). The file is now accessible through the ERA Asset Catalog. Physical custody of the records has been accepted in ERA after reviewing the Transfer Manifest and Transfer Shipment Aggregate Report to verify the successful ingest of the records in this accession.

Please approve this successfully completed migration of legacy holdings in AMIS and, for RD-DC (Spangler), approve the Legal Transfer Instrument LTI-0407-2008-0003 in ERA.
